XP25 | VARIABLE-CAPACITY
HEAT PUMP

The most precise and efficient heat pump you can buy*

PERFECT COMFORT

Lennox Precise Comfort® technology maintains your set temperatures within half a degree, using only the energy that's needed to keep your air consistently comfortable.

72°
FEELS LIKE PERFECTION

COMFORT INNOVATIONS

VARIABLE-CAPACITY, INVERTER-CONTROLLED COMPRESSOR

Continually makes small adjustments in cooling and heating output to hold your temperature exactly where you want it, all year round.

ICOMFORT®-ENABLED

Working with the iComfort® S30 Ultra Smart Thermostat, the XP25 adapts cooling and heating settings to match your family's routine.

HUMIDITY REMOVAL

The XP25 removes about 30% more humidity from the air than a conventional single-stage unit**, so your home's air feels light and comfortable even during the hottest summer months.

CLIMATE IQ® TECHNOLOGY

The XP25 modifies air output based on the climate in your area, adjusting for everything from humidity to startup time. So no matter where you live, you'll live comfortably.

PEACE AND QUIET

When the XP25 is running, you'll hardly hear it. Innovative SilentComfort™ technology combines thick insulation, vibration resistance and a specially shaped fan blade to greatly reduce sound levels.

50%
quieter than a standard heat pump***

*Efficiency claim based on comparison of air conditioning and heat pump products' SEER as published in AHRI (January 2015). Actual system combination efficiency may vary; consult AHRI for exact system efficiencies. Precision claim based on the cooling capacity range of the XC/XP25-036 units as compared to equivalent-sized competitive variable-capacity compressor units.

**When used with a matching variable-speed air handler or variable-capacity furnace.

***Sound Rating Number according to ANSI/AHRI Standard 270-2008. "SRN" is the overall A-Weighted Sound Power Level, (LWA), dB (100 Hz to 10,000 Hz). Sound information based on 3-ton models. Standard system is a 13ACX with a 76dB sound rating.

UNMATCHED EFFICIENCY

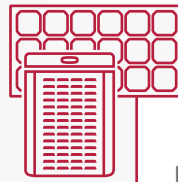

INDUSTRY-LEADING
EFFICIENCIES OF UP TO

23.50
SEER & 10.20 HSPF[†]

The XP25 can help you save hundreds of dollars in utility costs every year.

The XP25 has earned the ENERGY STAR[®] Most Efficient 2017 label, which means it is recognized as one of the most efficient products that qualify for ENERGY STAR.

EFFICIENCY INNOVATIONS

HIGH-EFFICIENCY OUTDOOR COIL

Specially designed for maximum heat transfer and low air resistance.

SOLAR-READY

The XP25 can be combined with solar roof modules in a SunSource[®] Home Energy System to reduce heating and cooling costs by up to half.

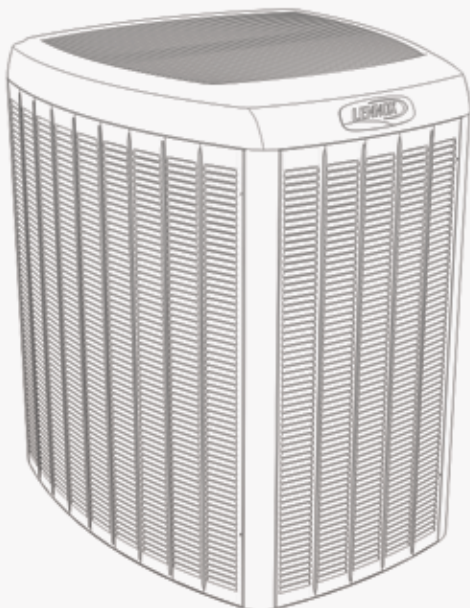

DUAL-FUEL-CAPABLE

When the XP25 is installed with a compatible furnace, it creates a system that can switch back and forth between electricity and gas automatically, based on whichever is most cost-efficient for the weather conditions at the time.

ADDITIONAL SAVINGS

The XP25 can potentially qualify you for federal energy tax credits and local utility rebates. See your Lennox Dealer for details.

RELIABLE ENGINEERING

The XP25 is designed for lasting reliability and performance. High-quality materials and innovations like the PermaGuard[™] cabinet offer extra protection against rust and corrosion, so your unit runs better and longer.

PEACE-OF-MIND PROTECTION

The XP25 comes with a 10-year limited warranty on the compressor and all remaining covered components.[‡]

[†]The cooling efficiency rating for heat pumps is Seasonal Energy Efficiency Ratio, or SEER. The heating rating is Heating Seasonal Performance Factor, or HSPF.

The higher the SEER and HSPF, the better the energy performance, and the more you save.

[‡]Applies to residential applications only. See actual warranty certificate for details.

Note: Due to Lennox' ongoing commitment to quality, specifications and ratings are subject to change without notice.

Innovation never felt so good.®

COOL INNOVATION

Built with the industry's most advanced technologies

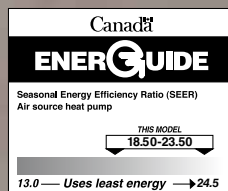

THE ULTIMATE COMFORT SYSTEM™

The XP25 is the most advanced heat pump Lennox makes, and one of the cornerstones of our most innovative system—the Ultimate Comfort System™. It's also compatible with the entire line of Dave Lennox Signature® Collection equipment, for truly unmatched comfort and efficiency.

FINANCING YOUR COMFORT

Enjoy more comfort and purchasing power. Take advantage of flexible financing options that allow you to enjoy the innovation, precision and efficiency of Lennox on your terms.*

*Subject to credit approval. Minimum monthly payments required. See your Lennox Dealer for details.
