

Generator ready loadcenter

Be prepared...
with Eaton's generator ready loadcenter.

EATON

Powering Business Worldwide

The next Generation in standby backup power

Standby power needs

Concerned about outages, more homeowners are utilizing standby backup power every year due to:

- Aging utility infrastructure
- Severe weather events
- Safety and security

Why do I need standby power?

On average, close to 3 million people across the U.S. experience a power outage each month. Allow Eaton the opportunity to alleviate your back-up power concerns with our generator and automatic transfer switch (ATS) ready loadcenters.

Features and benefits

- 22 circuits for non-essential loads and 14 for essential backup power loads
- UL® Listed
- Space saving design
- Generator complete packages available

Homeowner value

- Safety, comfort and convenience
- Increased home value
- Power outage protection

Why should I buy from Eaton?

- World class service with 24/7 technical customer support
- Limited lifetime warranty on all CH loadcenters and breakers
- Quality EGSX ATS design
- Custom solutions available exclusively with Eaton
