 Ultimate Comfort System[™] model

 iComfort[®]-enabled model

¹ Based on sound pressure levels during operation of CBX40UHV-36 with factory installed MERV16 Precision Pleat[™] media filter and leading competitive three-ton units at equivalent external static pressure when set up per section 4.5.3 of AHRI's test standard, AHRI 260-2001; and efficiency (CFM/Watt) ratings established per AHRI's test standard: ANSI/AHRI 210/240-2008.

² Covered components may be eligible to receive a 10-year limited warranty. Online equipment registration at www.lennoxregistration.com is required within 60 days of installation (except in California and Quebec) or Lennox' base warranty will apply. Applies to residential applications only. See actual warranty certificate for details.

NOTE: Due to Lennox' ongoing commitment to quality, all specifications and ratings are subject to change without notice. Warranties noted apply to residential applications only. Please see actual warranty certificate for details. Always verify actual system efficiencies through AHRI or by visiting AHRI ratings database at www.ahridirectory.org.
